1. This premises licence authorises the provision of hot food and drink ordered, served and provided either to members of the public via the drive through or to a McDelivery courier driver attending the premises to fulfil a McDelivery order.
2. The Premises Licence Holder shall deploy a fully trained member of staff as a Courier Partnership Lead (CPL who oversees McDelivery courier drivers). The CPL shall be trained in conflict management to an industry recognised training qualification. The role of a CPL shall be to allow for delivery courier staff to be effectively managed inside the premises and Immediately outside the front of the premises (i.e to prevent loitering and noise nuisance).
3. After closing time of the restaurant all doors shall be locked and McDelivery drivers shall only be able to access the premises by display of an order code to the CPL or other McDonalds member of staff.
4. A manager and or fully trained member of staff shall complete a walkabout of the drive thru and car park to ensure customers are not loitering in the car park and or committing acts of anti-social behaviour.
5. The car park shall be monitored by an ANPR (automatic number plate recognition) system that shall restrict the amount of time a customer can remain in the car park. Clear signage shall be displayed to advertise ANPR.
6. The premises Licence Holder shall operate a robust CCTV Policy to ensure compliance with Data Protection Legislation and assist the Police with the prevention and detection of crime.
7. CCTV shall be installed and maintained at the premises and shall cover the external area of the front entrance where collection drivers arrive to enable frontal identification of every Mc Delivery driver entering in any light condition and shall continuously record whilst Mc Delivery drivers remain on the premises.
8. CCTV equipment shall meet the industry standard suitable to record images of a proper quality.
9. The CCTV system shall be fitted with a digital alarm that shall sound if the equipment is faulty or not recording.
10. The CCTV system shall be regularly serviced by qualified maintenance technicians.

12. When the premises are closed to walk in customers the main Mc Donald's signage and internal dining area lights shall be turned off. In addition clear signage shall be displayed on the front entrance that the store is closed to all walk in customers.
13. These measures shall be implemented between the terminal hours for in store dining until 05:00 on any day to deter any assumption from members of the general public that the premises are open.

15. A dedicated driver waiting area within the store shall be provided for delivery drivers to wait in to collect their order.

19. A duty manager shall be deployed to provide support for the CPL and McDonalds staff.

21. The drive thru and car park shall be suitably illuminated during hours of operation.
22. Prominent and clear signage shall be displayed throughout the drive thru to warn customers to keep noise to a minimum, respect the needs of local residents, leave the Premises and the area quietly and not to:
