## Public Engagement on Existing Parking Controls

Parking review of Controlled Parking Zones (CPZ) in Bushey

We are writing you to ask for your views on the existing CPZ in your road / area and as it has been in place for an extended period, we are conducting a review of how it has been working.

To ensure that the council manages any potential parking concerns and in line with our Parking Management Strategy, we are engaging with residents to understand which, if any, roads are experiencing parking pressure, what these pressures may be, if residents / business would like changes to be made to existing parking controls to better manage parking.

We would also like to hear of any road safety issues that could be affecting your community and this is your first chance to let us know your views. You can provide feedback the following ways;

**Email:** fill in the questionnaire and email it to [parkingpolicy@hertsmere.gov.uk](mailto:parkingpolicy@hertsmere.gov.uk)

**Post:** fill in your paper copy of the questionnaire and return it to us using the Freepost envelope provided.

Please submit your response to this public engagement to reach us no later than **28<sup>th</sup> July 2023**. Only one response per postal address will be accepted.

Analysis and evaluation of the results of the review will be undertaken with ward councilors and the portfolio holder for transport before a decision is made whether to progress any formal proposals for changes.

With thanks for your attention, we look forward to receiving your response.

Yours sincerely
