Dear Resident

Statutory Consultation on Parking

Following on from the review of existing parking controls in Meadow Road and Shenley Road, the council is now proposing to make a Traffic Regulation Order (TRO) to change the unrestricted parking bays in Meadow Road to Residents' Permit Parking and extend the double yellow lines (no waiting at any time) restriction in Shenley Road.

All comments received from the parking review can viewed on our website
www.hertsmere.gov.uk/Transport

Eligible residents will be able to apply for one permit per property and visitors parking permits for their guests. More information about the permit parking scheme is overleaf.

We will be advertising our intent to make a TRO on 28 November 2024. A copy of the Notice of Proposal and Plan is attached. Any comments to the proposed TRO should be made in writing by **20 December 2024** quoting reference **Meadow Rd-24**.

Yours sincerely

Tunde Ogunro
Traffic Engineer
