Dear Resident

Oakmere Close Parking Consultation

We recently conducted a parking consultation in the area proposing to alter waiting restrictions in your road. Most of the responses received indicated the preference for other types of restrictions due to concerns of inappropriate and inconsiderate parking.

In response to this, the council will start a statutory consultation exercise and survey with the aim to establish if there is a problem and if so seek your views on whether parking controls can resolve it.

To help the council gather your feedback a questionnaire is attached together with prepaid envelope.

What happens next?

Based on feedback and our investigation, further consultations will be carried out to ascertain the final scheme design and more information will be provided on general conditions on parking in a controlled parking zone.

Please send in your response by **8th January 2021** so that your views can be included in the analysis of feedback which will be presented to your local Councillors for their consideration.

Please complete the questionnaire and return it to us in the free post envelope provided (NO STAMP REQUIRED).

I look forward to receiving your response.

Yours sincerely

Tunde Ogunro
Traffic Engineer
