Recycling in flats FAQs

How often are the recycling bins emptied?

The recycling bins will be emptied every two weeks providing they contain only acceptable items.

The bin hasn't been emptied, what should I do?

Please call our customer services team on 020 8207 7480 or report a missed bin online at: www.hertsmere.gov.uk/missedbin You can also check with your managing agent, as we may have already notified them if the bin is contaminated.

What if the recycling bin is full?

At some older properties the bin storage space is limited so we can't always provide as many recycling bins as we'd like. Please flatten or tear up larger pieces of cardboard and squash cartons and plastic bottles. If a recycling bin is full please use a general rubbish bin instead or take the items to one of your Recycling Centres mentioned on the previous page.

Do not leave items or bags on the floor – they will not be collected and may result in the bins not being emptied if they are causing an obstruction.

What can I do with larger bulky items or furniture?

Consider donating items in good condition to charity, some offer a free collection service. For more information visit www.hertsmere.gov.uk/bulkywaste. Or you can take it to a Recycling Centre as mentioned on the previous page.

Alternatively we offer a chargeable collection service for large items providing there is somewhere suitable to leave them outside of your property. Please check with your managing agent first or to see if they offer their own collection. Please do not dump large items in the bin stores as this causes issues when trying to empty the bins and is unsightly.
