

Statement of Intent for ECO4

Herstmere Borough Council ECO4 Flexible Eligibility Statement of Intent

Local Authority name: Herstmere Borough Council

Publication Date: 9 June 2023

Version number: V.6

Publication on web site: <https://www.hertsmere.gov.uk/Housing--Private-Property/Private-sector-housing/Home-Improvements.aspx>

This statement sets out Hertsmere Borough Council's flexible eligibility criteria for the Energy Company Obligation (ECO4) scheme from April 2022 – March 2026.

The ECO4 scheme will focus on supporting low income and vulnerable households. The scheme will improve the least energy efficient homes helping to meet the Government's fuel poverty and net zero commitments.

The flexible approach for Local Authorities (LAs) to identifying fuel poor and vulnerable households who may benefit from heating and energy saving measures is referred to as "ECO4 Flex".

The Council welcomes the introduction of the ECO4 Flex eligibility routes as it helps the Council achieve its plans to improve the homes of those in fuel poverty or vulnerable to the cold.

The Council is publishing this Statement of Intent (SoI), on the XX/XX/XXXX to confirm that each of the households declared will adhere to at least one of the four available routes outlined below:

Route 1: SAP bands D - G owner-occupied households (or E-G for privately rented households) with a gross household combined income of £31,000 or less. This cap applies irrespective of the property size, composition, or region.

Route 2: SAP bands E- G owner-occupied households (or E-G for privately rented households) that meet a combination of at least two of the following proxies:

Proxy 1) Homes in England in Lower-layer Super Output Area 1-3 (LSOA)¹, or homes in Welsh provision LSOA 1-3 on the Welsh Index of Multiple Deprivation 2019², or the Index of Multiple Deprivation for 2020, published by the Scottish Government³

Proxy 2) Householders receiving a Council Tax reduction (based on low income only, excludes single person reduction).

Proxy 3) Householders vulnerable to living in a cold home as identified in the National Institute for Health and Care Excellence (NICE) Guidance. Only one from the list can be used, excludes the proxy 'low income'.

Proxy 4) A householder receiving free school meals due to low-income.

Proxy 5) A householder supported by a LA run scheme, that has been named and described by the LA as supporting low income and vulnerable households for the purposes of NICE Guideline.

Residents may be eligible under this Proxy if they have been supported by the Council's Herts Help can be contacted on 0300 123 4044 or info@hertshelp.net or Text hertshelp to 81025 More information can be found here <https://www.hertshelp.net/hertshelp.aspx>

Proxy 6) A household referred to the LA for support by their energy supplier or Citizen's Advice or Citizen's Advice Scotland, because they have been identified as struggling to pay their electricity and gas bills.

* Note proxies 1 and 3 cannot be used together.

Route 3: SAP bands D- G owner-occupied (or E-G for privately rented households) that have been identified by their doctor or GP as low-income and vulnerable, with an occupant whose health conditions may be impacted further by living in a cold home. These health conditions may be cardiovascular, respiratory, immunosuppressed, or limited mobility related.

This is because the Council has identified a positive correlation between households who suffer from long-term health conditions and living off a low-income, with living in poorly insulated homes.

Route 4: SAP bands D- G owner-occupied households (or E-G for privately rented households) that are referred under Route 4: Bespoke Targeting. Suppliers and LAs can submit an

³ [Scottish Index of Multiple Deprivation 2020 - gov.scot \(www.gov.scot\)](https://www.gov.scot)

application to BEIS where they have identified a low income and vulnerable household, who are not already eligible under the exiting routes.

Declaration and evidence check confirmation

All potentially eligible households should apply through Hertsmere Borough Council or one of their approved ECO installers to ensure that they can either benefit from the scheme or be assessed for eligibility under any other relevant programme.

Any supplier or installer who seeks a council declaration on behalf of an eligible resident will first need to be registered with the 'NEF Supplier Network'. The Network ensures that councils have information about the standards, practices and accreditations of installers working in their area reducing the risk of fraud, poor quality installations and the exploitation of vulnerable residents that the council is looking to assist via ECO Flexible Eligibility. For further information about the Network and guidance on how to register, suppliers should contact suppliernetwork@nef.org.uk

The officer(s) below will be responsible for checking and verifying declarations and associated evidence submitted on behalf of the local authority:

Name: Mr Andy Chittenden

Job Title: Private Sector Housing Team Leader

Telephone: 0208 207 2277

Email: private.sector@hertsmere.gov.uk

CEO or dedicated responsible person mandatory signature

The Hertsmere Borough Council will administer the scheme according to BEIS' ECO4 Order and will identify eligible households via Ofgem's application process. The CEO of the Council will oversee the process of identifying eligible households under ECO4 Flex. The eligibility information will be stored securely in line with the Council's data protection policy, Information Commissioner's Office Data Sharing Code, and BEIS guidance.
