

ANNEX 2 – Question 7

In order to make SADM10 sound, the policy should be amended to remove the following sentence:

'Until that time they will be treated as if they are in the Green Belt: inappropriate development will not be approved, except in very special circumstances'.

We consider that this reference to Green Belt policy is unnecessary and inconsistent with the site's removal from the Green Belt.

Our representations are made to ensure a clear and consistent approach to plan making. The site's removal from the Green Belt is consistent with the Core Strategy approach set out above and Policy SADM10 should also reflect this approach and be consistent with other policies of the development plan and national policy.
