Dear Sir / Madam

Bushey Village Parking Consultation

Hertsmere Borough Council is currently reviewing parking in Bushey Village in response to concerns raised by residents about parking in the area. The council is seeking the views of residents and local businesses through this initial consultation on the principle of introducing Permit Parking Areas (PPAs) in the Bushey Village area to address existing parking problems.

What happens next?

Please complete the simple questionnaire included with this letter and return it along with any other feedback you may have in the reply paid envelope provided (NO STAMP REQUIRED), to reach the council by 25th June 2021.

Based on the initial feedback from the consultation, the council will decide whether or not to develop detailed proposals to control parking in all or part of the areas identified in the attached map. Further consultation with residents and businesses will help refine the scheme and additional information such as permit eligibility, permit charges and general conditions on parking in a PPA will be provided as part of the process.

Many thanks for taking the time to read this letter and for your participation in the consultation process. Your views will be important in guiding the council's decision on how best to address the parking problems in Bushey Village.

Yours sincerely

Tunde Ogunro
Traffic Engineer
