Date: 12 October 2021

Dear Resident

Hertsmere Borough Council is seeking the views of residents in your area on the parking proposal shown on the attached plan. This follows the initial consultation we carried out in June 2021 as part of the Bushey Village parking scheme.

During the initial consultation exercise, consultees were asked whether they would support the principle of some form of parking controls in their road. The purpose of this letter is to inform you of the results of the consultation and also advise you on the process moving forward from here. Overall result for the proposed area in Bushey Village voted as follows:

70% in favour of having parking controls; 25% not in support of some form of parking controls. In total, 274 responses were received giving a response rate in the region of 45%. A breakdown of the results for each road can be found on our website at [Parking Consultations - Hertsmere Borough Council](#).

In light of these findings, we have balanced the needs of the residents with road safety and parking demands with the areas concerned. The council is now commencing a new consultation to ascertain views and wishes of residents regarding the possible introduction of new parking controls in parts of Bushey Village that are affected. Indicative proposals for a new parking scheme have been shown on the attached plan. (Street by street view is also available on our website)

The information below sets out the details of the proposals and general information on controlled parking zones to help you respond to the attached questionnaire.

### **What happens next?**

The council is seeking the views of residents on the principle of introducing PPAs in the Bushey Village area to address existing parking problems. Please complete the questionnaire included with the letter and return it, along with any other feedback you may have in the reply-paid envelope provided, to reach the council by **19<sup>th</sup> November 2021**.

Based on the feedback from the consultation, the council will decide whether or not to develop detailed proposals to control parking in Bushey Village, to address identified problems and move to formally advertise a formal intension to make a Traffic Regulation Order (TRO) to implement a new scheme.

Many thanks for taking time to read this letter and for your participation in the consultation process. Your views will be important in guiding the council's decision on how best to address the identified parking problems in Bushey Village.

Yours sincerely

Tunde Ogunro  
Traffic Engineer
