2. Introduce authorised / unrestricted marked parking bays in some sections of the road.

The purpose of this letter is to inform you of our proposal which is aimed to help improve road safety and provide parking provision in the road. Please see the attached map which shows the extent of the proposals in your area.

If you would like to comment or have any concerns with the proposals, please let me know either by email at the email address above or in writing to the address listed at the top of this letter. Please mark any correspondence for my attention.

I look forward to receiving your response by **24<sup>th</sup> June 2022**.
