**REF: Revised Open Spaces section in the Site Allocations and Development Management (SADM) Policies Plan**

Aldenham Parish Council met on 29<sup>th</sup> February 2016 and discussed the above consultation. It's comments are as follows:-

**The Consultation on the Revised Open Spaces section in the Site Allocations and Development Management (SADM) Policies Plan.**

'Members of the Committee noted that the Inspector had asked Hertsmere Borough Council to reassess the methodology used to identify Green Open Spaces in the Site Allocations and Development Management (SADM) Policies Plan currently being examined. This has been done by Hertsmere Borough Council. As a result, a large number of the sites previously identified have been omitted, with only a limited number of sites (none in Radlett) now listed as Local Green Spaces. The Committee thought that the sites in Radlett, which had previously been listed, should continue to be given appropriate local recognition, as local green spaces, in the proposed Neighbourhood Plan. It was agreed that this matter should be referred to the Neighbourhood Plan Steering Group.'
