# 1. Monitoring Indicators

**Table 1.1: Plan Monitoring Indicators and their Use in the Monitoring Report**

Policy	Aspiration	Ref	Indicator	Target	Where the Monitoring Analysis is reported	Notes
<b>Core Strategy – adopted January 2013</b>						
SP1	A reduction in poverty / social exclusion	MF1	Number / % of SOAs among the 20% most deprived in England and Hertfordshire	To reduce the number / % of SOAs among the 20% most deprived in England and Hertfordshire	<b>2. Population</b>	
SP1, CS16, CS22	The protection of the Green Belt through the most efficient use of previously developed land and buildings	MF2	% of gross dwelling completions in Borehamwood, Bushey, Potters Bar and Radlett	For gross dwellings to be consistent with [the distribution indicated in] Policy CS2	<b>3. Homes and 8. Effectiveness of Plan Policies.</b> The distribution and overall delivery of homes is being monitored.	<b>Review in the light of AMR 2016/17.</b> Borehamwood should take 60% or less of new housing; Bushey 25% or less; Potters Bar 10% or more; and Radlett and elsewhere 5% or more
		MF3	% of new homes on previously developed land (PDL)	To provide 95% of new dwellings on PDL	<b>3. Homes and 8. Effectiveness of Plan Policies</b>	
		MF4	Total area of Green Belt	No net loss of Green Belt Land	<b>9. Progress on Local Planning</b>	Change in Green Belt designation will only occur through amendment of the Policies Map – i.e. through adoption of a new plan.
		MF5	Number of approvals which resulted in a material departure	No material departures approved in the Green Belt	<b>8. Effectiveness of Plan Policies</b>	
CS1, CS2, CS3	Ensuring that there is an adequate supply of developable land for new housing	MF6	To maintain a five year supply of deliverable housing sites	For net completions from 2012/13 to track the annualised dwelling requirement set in policy CS1. Number of years supply based on housing target.	<b>3. Homes and 8. Effectiveness of Plan Policies</b>	<b>Review policy if completions fall 20% below the required rate.</b> This trend must be observed over a three year period, and the five year land supply (looking forward) is insufficient to meet the new annualised housing target.

Policy	Aspiration	Ref	Indicator	Target	Where the Monitoring Analysis is reported	Notes
CS4	Providing an increased supply of Affordable Housing to meet local needs	MF7	Annual Affordable Housing Completions	To provide at least 76 affordable units per annum to meet target set in policy CS4	<b>3. Homes and 8. Effectiveness of Plan Policies</b>	<b>Review policy and measures to support the delivery of affordable housing if affordable housing completions fall 20% below the required rate.</b> This trend must be observed over a three year period, and the five year land supply (looking forward) is insufficient to meet the new annualised housing target.
		MF8	Affordable Housing Threshold	That all schemes meeting thresholds in Policy CS4 provide affordable housing or a financial contribution.	<b>8. Effectiveness of Plan Policies</b>	<b>Review Affordable Housing SPD if size of affordable housing units falls outside of a 20% (+ or -) range of equivalent proportions of market housing.</b> This trend must be observed over a three year period. If, following a review of the SPD, the problem remains for two years, the Council will review its allocated (housing) sites.
		MF9		For the % of three and four bedroom Affordable Housing units, as a proportion of all Affordable Housing provided, to be within 20% of the equivalent proportion within the market sector	<b>3. Homes</b>	Also see comment for MF8 above.
CS7	To deliver an appropriate mix and size of new dwellings in developments of more than 25 units or 1 hectare.	MF10	Tenure mix Housing completions	To achieve an increasingly appropriate mix and size of dwellings	<b>3. Homes</b>	This indicator is measured by commitments.
CS5	An increased supply of Affordable Housing in rural areas	MF11	The number of Affordable Housing units provided on rural 'exceptions' sites	To increase the number of Affordable Housing units on rural 'exceptions' sites	<b>3. Homes</b>	

Policy	Aspiration	Ref	Indicator	Target	Where the Monitoring Analysis is reported	Notes
CS6	The provision of Gypsy and Traveller pitches to meet identified local need	MF12	Number / % of gypsy and traveller pitches	To meet the requirements of Policy CS6	<b>3. Homes and 8. Effectiveness of Plan Policies</b>	The target was effectively 53 pitches (total stock needed at 1.4.2011) <i>plus</i> 2 pitches each year between 2012/2013 and 2017/18. The rate is to be reviewed as part of Gypsy/traveller need assessment work.
		MF13	Number of pitches provided on authorised sites	For 100% of gypsy and traveller pitches to be on authorised sites	<b>3. Homes</b>	
CS8, CS9 CS10 CS11	Retention of a supply of designated land for B-class and other permitted uses	MF14	Provision of employment land To retain at least 110 ha of designated employment sites (including locally significant employment sites)	No net loss of employment land, unless evidence supports otherwise	<b>4. Economy and 8. Effectiveness of Plan Policies</b>	Any substantive change to existing employment land is likely to come via a plan review or major relocation/property vacancy. Normal monitoring of MF15 should pick up any general trend. The release of land under Policy CS8 (see below) could add to the supply.
		MF14	To retain Local(ly) Significant Employment Sites	No net loss of Local Significant Employment Sites (5 ha at 7 sites)	<b>4. Economy</b>	
		MF15	Monitoring of the % of non B class uses within designated employment areas and Local(ly) Significant Employment Sites	Permission of non B uses in employment areas be limited to CS10 appropriate uses	<b>4. Economy</b>	
	The continued existence and promotion of a vibrant film and television production industry in the Borough	MF16	Monitoring of investment in premises and facilities and relocation of businesses to the area.	Protection and encouragement of film and television industry and facilities in the Borough	<b>4. Economy</b> when relevant	Support for the film and television industry will occur through support of ancillary facilities and services and the environment of the studios, as well as through the management of development on the key sites.

Policy	Aspiration	Ref	Indicator	Target	Where the Monitoring Analysis is reported	Notes
CS8	Requirement for release of Safeguarded Land	MF17	Applications in Safeguarded Land Area, in Cranborne Road Potters Bar and/or safeguarded land Rowley Lane Borehamwood	For applications in Safeguarded Land only approved for B uses, only allowed following plan review	<b>4. Economy</b> when relevant	The need to release land should only come through a change to the development plan (e.g. review of the Core Strategy).
CS12	The protection of the Borough's environmental assets	MF18	Number / area of designated environmental sites	No net loss of designated environmental sites	<b>6. Environment and 8. Effectiveness of Plan Policies</b>	
		MF19	Number of trees subject to Preservation Orders felled or damaged	No net loss of protected trees	<b>6. Environment and 8. Effectiveness of Plan Policies</b>	The target is not directly monitored. The number of TPOs is monitored, as are applications to do works to protected trees (including felling). These particular records only give an indication of how the target is being achieved.
		MF20	Number of new or resurveyed TPOs	Continued review of TPOs and trees	<b>6. Environment</b>	The number of TPOs is monitored.
		MF21	Number of and area of new Wildlife Sites under positive conservation management	No net loss of Wildlife Sites, under positive conservation management	<b>6. Environment</b> , but not monitored annually	Will be reported as information becomes available from the Herts Environmental Records Centre.
CS14	The protection of the Borough's built heritage	MF22	% of buildings identified as 'at risk'	No buildings 'at risk'	<b>6. Environment</b>	
		MF23	Supply of listed buildings	No net loss of listed buildings	<b>6. Environment and 8. Effectiveness of Plan Policies</b>	
		MF24	% of Conservation Area Consents for demolition approved with no detailed scheme for replacement	Only approve demolition where there is a detailed replacement scheme (100%)	<b>6. Environment and 8. Effectiveness of Plan Policies</b>	
		MF25	Number of Conservation Areas appraisals updated	To be reviewing at least one Conservation Area at a given time	<b>6. Environment and 9. Progress on Local Planning</b>	

Policy	Aspiration	Ref	Indicator	Target	Where the Monitoring Analysis is reported	Notes
CS16	A reduction in flood risk	MF26	% of permissions granted contrary to EA advice	No permissions to be granted contrary to Environment Agency (EA) advice	<b>6. Environment and 8. Effectiveness of Plan Policies</b>	
CS17	The incorporation of sustainable design and construction techniques to reduce carbon emissions and environmental impacts	MF27	Monitoring the compliance of residential and commercial development against targets in Policy CS17	100% of applications to meet the requirements of CS17	Not monitored. The only element that is – site waste management – is covered in <b>6. Environment.</b>	Standards for the design and construction of buildings are under review by Government. The future of standards, such as the Code for Sustainable Homes, and the role of the planning system are expected to change: the use of Building Regulations is expected to be more important. While the principles underlying Policy CS16 and therefore Policy CS17 are sound, indicator MF27 is not considered a fully effective test (hence it is not covered in 8. Effectiveness of Plan Policies).
CS19, CS21	The protection and enhancement of a range of community facilities and provision of new facilities	MF28	The number of key community facilities lost through the development process	No loss of community facilities	<b>5. Community Facilities and Leisure and 8. Effectiveness of Plan Policies</b>	
		MF29	Monies generated through s106 standard charge/s106/CIL	To continue to collect s106 monies To adopt a CIL charging Schedule by 2014	<b>8. Effectiveness of Plan Policies and 9. Progress on Local Planning</b>	CIL charging schedule was adopted in September 2014 and came into effect on 1 December 2014. Only applies to specified categories of development – primarily market housing.
		MF30	Monitoring and reporting of planning obligations agreed with new development	100% of applications to provide for the required s106 contributions or CIL charges	<b>8. Effectiveness of Plan Policies</b>	
CS23	Delivery of Elstree Way Area Action Plan	MF31	Progress of production of EWC AAP compared to the LDS	Council to meet the AAP and LDS timetables	<b>9. Progress on Local Planning</b>	To adoption

Policy	Aspiration	Ref	Indicator	Target	Where the Monitoring Analysis is reported	Notes
CS24, CS25, CS26	To promote transport choice and achieve modal shift away from private transport	MF32	Number of new or enhanced Greenway or cycle routes	To complete at least one new greenway/crossing per annum	No longer monitored	
		MF33	% of approved major commercial developments with a Travel Plan and cycling measures	100% of major planning applications to have a travel plan	<b>7. Access and Movement and 8. Effectiveness of Plan Policies</b>	
		MF34	Increasing use of cycling, walking, public transport and reduction in travel by car mode desired	% increase in cycling, walking, public transport	<b>7. Access and Movement,</b> but not necessarily monitored on an annual basis.	Will be reported as and when information becomes available from the local highway authority (HCC)
		MF35	% of completed residential development within 30mins public transport of key services	For 100% of completed residential development to be within 30 minutes public transport of key services	<b>7. Access and Movement</b>	
	Parking provision, On-going monitoring of parking standards and implementation on new developments	MF36	Average car parking provision approved on residential schemes in Town Centres, and Outside of town centres	Average car parking requirement approved through planning applications consistent with car parking standards	<b>7. Access and Movement and 8. Effectiveness of Plan Policies</b>	As a monitoring yardstick, the number of spaces (per home) in travel development areas in Borehamwood and Potters Bar should be at least 50% less than that outside.
CS27, CS28, CS29	Promoting attractive and viable town centres	MF37	Monitoring of total units and vacancy rates in main town centres	Average vacancy rate in town and district centres to be below national average	<b>4. Economy and 8. Effectiveness of Plan Policies</b> (with MF38).	
	Protecting local retail facilities	MF38	Monitoring of total units and vacancy rates in local centres and parades	Vacancy rate to be below national average	<b>4. Economy</b>	
CS30	Promotion of a balanced, safe and attractive evening economy	MF39	The ratio between A1, A3, A4 and A5 uses in each town and district centre	For at least 60% of units within town and district centres to be A1	<b>4. Economy.</b> The ratio, rather than any target, is monitored.	The proportion of retail units was 55% in 2011/12 and 2012/13.

Policy	Aspiration	Ref	Indicator	Target	Where the Monitoring Analysis is reported	Notes
		MF40	Supply of A3, A4, A5 and D2 use in each town and district centre	To maintain a healthy balance of A3, A4, A5 and D2 uses relative to the role of the town centre	<b>4. Economy.</b> While a mix of uses is generally kept under review, the critical indicator is the vacancy rate (see MF37 and MF38 above).	
Infra-structure Topic Paper	Delivery of Infrastructure to Support Growth	MF41	Provision of infrastructure in line with Infrastructure Schedule	Infrastructure to be planned and delivered in line with the Infrastructure Schedule	Not monitored yet. Procedures to be introduced, once Community Infrastructure Levy takes effect (i.e. after 1 December 2014).	
	Effectiveness of Plan Policies	MF42	Total number of Decisions	To continually monitor decisions annually	<b>8. Effectiveness of Plan Policies</b>	
		MF43	Use of plan policies in decision making	To annually monitor the use of policies in decision notices	<b>8. Effectiveness of Plan Policies</b>	
	Planning Agreements	MF44	Agreements Signed Amount Negotiated (on behalf of HBC) (on behalf of HCC) Amount Received Amount Spent	Number of signed s106 agreements	<b>8. Effectiveness of Plan Policies</b>	
	Housing Affordability	MF45	Average property sale price	To annually monitor the average house price	<b>3.Homes</b>	
		MF47	Hertsmere overall average earnings	To annually monitor average earnings	<b>4. Economy</b>	
		MF48	Hertsmere property price/income ratio	To be assessed at an appropriate level	<b>3.Homes</b>	

Policy	Aspiration	Ref	Indicator	Target	Where the Monitoring Analysis is reported	Notes
<b>Site Allocations and Development Management Policies – Consultation Draft March 2014</b>						
SADM1	To deliver the (housing) proposals	AMF 1	Development progress, noting the proportion of total dwelling capacity given planning permission and completed	To complete 100% of the total dwelling capacity by 2027	Not fully monitored yet because the schedule is still under preparation and consultation, but any progress will be generally covered in <b>3. Homes</b> . Also referred to in <b>8. Effectiveness of Plan Policies</b> .	Dwelling capacity is currently identified as 651 (in the Consultation Draft SADM).
SADM26	To maintain a list of locally important buildings that have value	AMF 2	Number of locally listed buildings	No loss of locally important buildings through the grant of planning permission	<b>7. Environment and 8. Effectiveness of Plan Policies</b>	
SADM29	To deliver the community facilities proposed	AMF 3	Development progress	Sites in full active use for key community facilities	Not fully monitored yet because the schedule is still under preparation and consultation, but any progress will be referred to in <b>8. Effectiveness of Plan Policies</b> .	
SADM30	To maintain the supply of Major Green Space	AMF 4	Hectares of Major Green Space	No net loss of Major Green Space	Not yet monitored	
SADM31	To maintain the supply of Local Green Space	AMF 5	Hectares of Local Green Space	No net loss of Local Green Space	Not yet monitored	
SADM36	To deliver the town centre proposals	AMF 6	Development progress	To complete 100% of total dwelling capacity from these sites by 2027 (see Table 1)	Not fully monitored yet because the schedule is still under preparation and consultation, but any progress will be generally covered in <b>3. Homes</b> and <b>4. Economy</b> . Also referred to in <b>8. Effectiveness of Plan Policies</b> .	Dwelling capacity is currently defined as 53 (in the Consultation Draft SADM).

Policy	Aspiration	Ref	Indicator	Target	Where the Monitoring Analysis is reported	Notes
<b>Elstree Way Corridor Area Action Plan – Pre-submission Draft February 2014</b>						
EWC1			Development of affordable housing.		Not separately monitored yet, but any progress will be generally covered in <b>3. Homes</b> .	If the provision of affordable housing as a proportion of overall housing development falls below the target advocated in the AAP (35%)
EWC2			Housing Delivery		Not monitored separately.	Council will assess whether sites are brought forward individually or comprehensively
EWC3			a. Completed housing development. b. Density of development.	Contribution to housing supply (in SADM Table 1) is delivered. Indicative densities achieved	<b>3. Homes</b>  Not separately monitored yet, but any progress will be generally covered in <b>3. Homes</b> .	Council will monitor completions and commitments to ensure that an appropriate level of dwellings is coming forward. If development consistently fails to achieve the densities envisaged per zone, review design requirements. .
EWC3			Development dwelling mix		Not separately monitored, but any progress will be generally covered in <b>3. Homes</b>	If the provision of mixture of dwelling sizes is disproportionate, in relation to Borough dwelling mix targets, the implementation of the policy should be reviewed.
EWC4			Support and provision of community facilities.	All developments make provision for or support new and improved community facilities.	Not separately monitored, but any progress will be generally covered in <b>5. Community Facilities and Leisure</b> .	
EWC5 EWC6			Implementation of connectivity improvements.	Progress with improvements	Not separately monitored yet	

Policy	Aspiration	Ref	Indicator	Target	Where the Monitoring Analysis is reported	Notes
EWC7			Conformity to ascribed building heights.	Height of buildings should generally conform with proposed building heights	Not separately monitored yet: height of residential buildings referred to in <b>3. Homes.</b>	Where developments are allowed, which exceed the target the Council will assess the impact of heights across the AAP and review design requirements.
EWC8			Parking Requirements.	Meet the standards set out in the policy.	Not separately monitored, but any figures will be generally covered in <b>7. Access and Movement</b>	
EWC9			Monitoring of specific contributions to initiatives set out in policy.	All developments provide an appropriate contribution	Not separately monitored, but any figures will be covered in <b>8. Effectiveness of Plan Policies</b>

Notes: 1 The purpose of the English Indices of deprivation is to identify small areas of England which are experiencing multiple aspects of deprivation.

2 A number of different indicators, which are grouped into several domains each of which reflects a different aspect of deprivation, are used to produce an overall Index of Multiple Deprivation score for each small area in England. The domains used in the Index of Multiple Deprivation 2010 are income, employment, health, education, crime, access to services and living environment.

3 The indices for 2014 are due in summer 2015.

4 Local authorities in England

5 i.e. super output areas, which are smaller than electoral wards

Score is the sum of the indices

Rank is the position of the authority or neighbourhood according to its score in a list of scores

The lowest rank and lowest score indicates least deprivation: all scores and rankings indicate *relative* deprivation in the particular year

Notes: Figures do not total exactly in places due to rounding – this is due to three factors - assumptions used in timing of delivery, the use of a discount and the way that information on losses is received from the County Council (i.e. it is not attributed to particular sites). The key statistics are in part (6) of the table and are accurate.

\* i.e. net of losses

\*\* D: the net housing figures (except for windfall and sites under construction) have had a discount of 6% applied to allow for a possible element of non-delivery

1 Note that in some cases the address has been abbreviated

2 Not phased: units are not currently proposed or expected within the period.

3 Sites with planning permission which have not started on site.

4 Sites under consideration are the subject of planning applications or pre-application advice (most had been approved by the Council at 30 November 2014).

5 Assumed to be delivered through the Area Action Plan.

6 Sites within the Site Allocations Consultation Draft document

7 Other identified sites which are expected to come forward.

8 Safeguarded sites – timing of delivery has not been decided, expected after the plan period

9 Sites which have not been specifically identified as available in the Local Plan process. They normally comprise previously developed sites which unexpectedly become available.

The definition comes from the National Planning Policy Framework.

10 Type of Windfall: U – in urban areas (S – small, 1-9 units; L – large, 10 and more units net); R – outside urban areas and within the rural area.

11 Assumptions underlying the delivery of sites are outlined below. Note that this means the distribution in the table is assumed for statistical purposes:

Planning Status	Proportion of development that will be completed after							Delivery Rate	Notes
	Year1	Year 2	Year 3	Year 4	Year 5	Year 6	Year 7

Notes: The calculations assume the plan period began at 1 April 2012.

1 Core Strategy (2013) Target

2 Completions – from Table 3.10

3 Remaining target is calculated as follows: (4) – (3); example 3,990 – 292 = 3,698

4 Target is annualised: for example, 3,698/14 = 264 (14 being the number of years left in the plan period (10))

5 Calculated in Table 3.21 for the current year: the supply consists of sites which are identified, suitable and viable, and therefore deliverable within five years.

6 Calculated as follows: (7)/(1)

7 Calculated as follows: (7)/(5)

- 2 i.e. net completions
- 3 Each site accommodates between 1 and 9 units (gross).
- 4 The proportion of all windfalls using garden land for 2008/09 to 2010/11 was 29%.
- 5 These averages were reduced by 29% (from Note 4) and used by the Council as the assumptions for future windfall in the Core Strategy (2013). The Core Strategy assumptions were as follows: rural windfall sites – 13 units p.a.; small urban windfall sites – 30 units p.a.; and large urban windfall sites – 72 units p.a.

Notes: A qualitative assessment of the use, function and benefits of all urban open land defined in the Local Plan is presented in the Council's Green Spaces and Amenity Land Report (published December 2012). The report identified Major and Local Green Spaces which should be protected through planning policies.

1 Major Green Spaces normally exceed 1 hectare in area: they also all received scores exceeding 10 in the abovementioned assessment. Major Green Spaces normally have a structural value within the town and townscape, and not simply a local community function.

2 Local Green Spaces are normally less than 1 hectare in area and have a local community function: they comprise amenity greens, playgrounds and small parks, and small areas of natural green space (including cemeteries).

Major and Local Green Spaces were first defined in the Consultation Draft Site Allocations and Development Management Policies document (March 2014) for planning policy purposes. The list below contains two corrections: Scrubbits Wood (north) being a Local (not a Major) Green Space; and Hertswood Upper School (1.1 ha) being excluded from the list of Major Green Spaces because it is covered by a housing proposal.

- Notes: 1 A Tree Preservation Order (TPO) allows the Council to protect trees which are of amenity benefit to a local area. TPOs can be used to protect individual trees, groups of trees and woodland areas. This protection is particularly important where trees are under threat, and allows the Council to ensure that replacements are planted if preserved trees are removed. It is an offence to cut down, top, lop, uproot, wilfully damage or wilfully destroy a tree protected by an Order without permission from the Council (except in emergency).
- 2 Means that an application is refused as submitted, but lesser works are permitted.
- 3 All trees in conservation areas are given a certain level of protection under Planning Regulations. In order to work on a tree in a conservation area one is required to give six weeks' written notice. The purpose of giving notice is to enable the Council to assess the tree(s) and decide whether they are worthy of being protected with a Tree Preservation Order.
