- Aldenham Brook green corridor and linkages (2.4km) - Refer to Section 4.4.6.3 of LEMP
- Proposed pond
- Proposed ecology ribenaucular
- Permissive path (578 lin. m)
- Proposed Interpretation Board

- NOTES:**
- This Landscape Strategy Plan is to be read in conjunction with the Landscape and Ecology Management Plan (LEMP) dated April 2021 which sets out in detail management prescription for habitats and planting with the Appeal Site.
 - Appendix 2 of the LEMP provides an outline specification for planting and other landscape elements.
 - All structure planting is to be retained post decommissioning unless otherwise stated.
 - Low intensity grazing at a suitable stocking level is the preferred management method for grassland vegetation but cutting may be required should circumstances dictate.
 - This Landscape Strategy Plan and LEMP has been informed and is compatible with the long term ecological management plan being prepared for the wider Hilfield Estate.
